General Comments
A monitoring inspection occurred with the Inspector and Quality Assurance Monitor to introduce new QAM, Abby Nice, and to close out outstanding order for compliance prior to the license renewal inspection. Discussed with Chief Operations Officer, Director of Operations, and team leaders, a reminder regarding incident reports. Incident reports are to be sent to Quality Assurance Monitor for items such as: Public Health declaring an outbreak, if police, fire, and/or ambulance are called. Also, if after a child is hurt, the parent/guardian decides to take the child(ren) to the hospital to be observed. Inspector and Quality Assurance Monitor observed the children having snack, preparing to go outside to play and for a walk. Children were also observed engaged in play with indoor materials. Ratio was taken in the rooms and observed being maintained. Three staff files were reviewed and verified complete. Order for compliance was observed complete with a new wall having been created in the outdoor play area. Update for parent board: Quality Assurance Monitor Abby Nice 506-343-6332 Abby.Nice@gnb.ca
