21 The daily activities of a licensed facility shall be purposely planned in advance and documented and shall respond to the capabilities, needs and interests of each child.	21	Mar 06, 2026	
Comments: The inspector was able to observe documentation of purposeful planning in only 3 classrooms. The administrator must ensure that all classrooms have daily activities planned and properly documented. The operator indicated that some staff members will be participating in professional learning on purposeful planning next weekend.			

<p><b>General Comments</b></p> <p>Upon arrival in the morning, the inspector observed children engaged in free outdoor play. Additional observations included children having lunch, engaging in free play, and resting during nap time. Educators were seen reading a book to the children before nap time.</p> <p>The inspector also noted a blanket placed in front of a door to block cold air. The inspector recommends confirming with the Fire Marshal whether this presents any safety concerns, particularly as a potential tripping hazard.</p> <p>Staff-to-child ratios were respected during the inspection.</p>
