General Comments
<p>Children engaged in play both indoors and outdoors. Children had been on a walk to the local store to buy apples and pumpkins this morning.</p> <p>Educators observed having meaningful conversations with children. Educators observed asking questions that encourage thinking and investigation.</p> <p>Each room has a variety of materials for the children to explore. It is evident that children are encouraged to bring the outdoors inside to expand their learning. This is a wonderful way to add interesting materials to the learning environment.</p> <p>Ensure that the outdoor play area in raked on regular basis to prevent surfacing from pooling away from fall zones.</p>
