General Comments

Monitoring Inspection:

The school-age children were observed both indoors and outdoors. The children were observed playing cards with their educator, games on computers, magnetic blocks, creating comics, and playing with boardgames.

The materials are well organized, labeled and stored on low open shelves.

The educators were observed having positive interactions with the children. The educators were observed engaging in activities that were led by the children.

Allergies are clearly posted in a visible place, and toxic products are locked and inaccessible to the school-age children.

Review of (1) new staff file. All required documents are in place.

The following records were reviewed: Incident logs, fire drills, monthly review and maintenance plan for all stationary equipment, and daily attendance sheets.
