Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments
<p>On the day of my visit the program was functioning very well. The children had played outside this morning and were playing inside because of the heat wave. They can have outside play if they are careful about heat related issues and reduce their outside time, such as sprinkler play for 15 minutes and/or reading in the shade etc.</p> <p>The rooms look great and there are lots of materials. You can add soft furnishings, dress up clothes, water and sand tables etc.</p>
