<p><b>General Comments</b></p> <p>A monitoring inspection was conducted today.</p> <p>Children were observed in outside play upon arrival from school. The children were observed climbing the snow hills, digging with shovels and sliding down the hills with their friends (no sleds).</p> <p>Observed the operator speaking appropriately to the children during a mild conflict between them. Operator was observed listening to all children involved and helping them problem solve the situation. When the children's voices would rise the operator remained calm and spoke calmly and respectfully to the children.</p> <p>Discussed with operator ensuring staff model appropriate snack choices. Staff arriving with pop and chips for their snacks to eat in front of the children during snack time does not set a good example for children who are given healthy snacks to eat.</p>
