### General Comments

-Visit at the center for an unannounced monitoring inspection.  
-Ratio was respected during the visit.  
-Children's guidance is done in a respectful and positive way  
-Two play structures have been identified as not having enough protective surfacing, discussed it with the educator and she confirms that they are not using the two structures. Outdoor play area is maintained safe and free of hazards and has at least 10% shade.  
-Outdoor play area material varied and is in sufficient quantity for all children present.  
-Discussion with the educator concerning daily activities, inspection checklist was given to the educators and strategies were discussed on how to apply them within the classroom  
-Daily routine into the center includes, outdoor play time every day when the weather is permitting, and snacks are served at the recognized hours

Observations: When arriving at the center children were in free play, they were rotating from one zone to another. Documentation on the walls shows the children's interest, on one side of the room we can see documentation on different kind of animal and on the other wall we can see documentation of the Atlantic provinces and on the third wall we can see treats and food from different countries.
