<p>General Comments</p> <p>A monitoring visit performed today and a small group of children with 4 staff on site. Facility was closed last week due to scheduled cleaning by the school. More staff on site than needed but it was necessary in order to set up the programming stations. Currently there are no school age registrations this summer. Child staff ratio was determined and attendance was checked. All in order.</p> <p>**Regarding staff signed statement. Staff signed statement is in the staff file, but please update and ensure staff have read and signed a statement that reflects the new regulations and ECS Act. Please refer to section and 6.2 and 6.4 in the operator manual regarding the signed declaration required for the staff file.</p> <p>*Received staff info on a new staff during my visit.</p> <p>The administrator is trying to incorporate the new regulation and Act with the Assessment criteria that dictates quality. This facility offers a Pre K program during the school year.</p>
