33(3) An operator of a licensed facility shall complete a monthly review and maintenance plan on all stationary equipment that includes the following information: (a) the review and repair dates; (b) the action required and the action taken; and (c) the name of the staff member who conducted the review.	33(3)	Feb 28, 2021	
Comments: Please complete monthly even during the winter months and when no maintenance is required just indicate and date the report as per usual. Thank you.			

General Comments

Monitoring visit performed. A small group of 5 preschoolers today. A few compliances to address. Covid guidelines are being followed, screening taking place, new yellow/ orange questionnaire is posted, and daily logs are completed for contact tracing etc. Please ensure you ask essential visitors how they would answer the covid screening questionnaire.

Please ensure after toys are played with, that children and/or staff put them into the toy bin for cleaning. Children involved in a variety of fun age appropriate activities. Today children in individual and group play, activities upon arrival, taking turns practicing printing their names, dancing, yoga stretching, listening to a story about valentines and decorating valentines bags that they plan to fill with goodies to take home. Children are looking forward to having a party on Friday in celebration of valentines. The usual routine does include outdoor play, but today due to the temperature, they will probably go out in the afternoon. It is my understanding that SS has good enrolment for the school age program this school year. PD days and summer programming is in operation, however, the preschool and school program is closed during storm days.

Staff are warm and caring, provide assistance when needed or asked, and are engaged with the children during activities.

Please email me a copy of the new board of directors. thank you.
