General Comments

- Visit completed at the facility in the afternoon for a monitoring inspection.
- Ratio was respected during the visit.
- Positive child guidance was witnessed during the visit.
- Activities are purposely planned and documented and responds to the needs and interest of each child. Learning stories, webbing, children's art and pictures are posted throughout the facility. The children are participating in a reading club.
- The parent has access to the facility at anytime when the child is present.
- The facility has a separate locked storage space for medication.
- Administration of medication records are evident. Records are kept for each child when medication is administered.
- Observations:
During the visit two children were napping and one child was eating their snack.
- Discussion with the operator on the renewal of her licence.
