### General Comments

- Children / educator ratio is respected during the renewal inspection.

#### Discussions:

- The educator explains how she completes her minor incident reports when needed and how she gets the parents to fill the medication forms as required.
- The educator mentions that she will note when someone would be replacing her with the children.

#### Observations:

- Children had a snack and then did free play. While doing free play they sang a lot of songs. The educator engaged in the play and had conversations in connection with the children's play. Children noticed and named colors and forms. Children wanted to sing me a song, so they practiced and sang ABC while playing instruments.
- Children had their meal and got ready for nap.

The facility meets requirements for licensing under the Act and regulations. Recommending licensing for another year.
