It was observed that all children, upon arrival, went into the bathroom to wash their hands.</p> <p>The children were observed engaging in free play activities and a circle time. During circle time, if a child could not sit, the educators allowed the children to get up and play.</p> <p>Licensing staff observed the children laugh and engage in rich conversations with their peers and educators. The educators used open-ended questions to enhance the learning during indoor and outdoor play and positive child guidance techniques were used throughout the inspection.</p>
