48(2) An operator of a licensed facility may supply food to a child receiving services at the licensed facility that a parent or guardian of the child brings from the child's home if the food is labelled with the child's name and refrigerated, as required.	48(2)	Aug 29, 2025	
Comments: Inspector verifies 15 lunchboxes and observes that 7 were not labelled with the child's name. Operator must ensure all food brought from home is labelled with the child's name.			
9(1) The child-to-staff ratio is one educator for each of the following groups of children of the same age receiving services at a full-time or part-time early learning and childcare centre: (a) three infants or fewer; (b) five children or fewer who are two years of age; (c) eight children or fewer who are three years of age; (d) ten children or fewer who are four years of age or older, but who are not yet attending school; and (e) 15 school-age children or fewer.	9(1)	Aug 22, 2025	Aug 22, 2025
Comments: Inspector is onsite to complete the renewal inspection. The inspector takes the staff-to-child ratio and found that two groups were each over ratio by one child, with one educator for 16 children in both groups. Ratio for the afterschool children is one educator per 15 children. The administrator arrived onsite; the ratio is now respected. The operator must ensure that the staff-to-child ratio is always maintained within the same age groups. Deficiency is now compliant.			

General Comments
<p>Inspector is onsite to complete the renewal inspection and observes the children in the morning playing outdoors with soccer balls, playing a Giant 4 square game in the gym, washing their hands, lunchtime and afternoon outdoor and indoor activities. Afternoon indoor activity in the gym was a game of Smash Ball that the children were excited to participate in.</p> <p>Positive child guidance between educators and the children is observed during the length of the renewal inspection.</p>
