General Comments The inspector is on site to conduct the renewal inspection during the afternoon. During the inspection, afternoon snack, free play, and guided activities in the gym area are observed. Two staff files are missing required documents. The administrator provides the documents immediately and advises that they are in the process of cleaning up the files and have not yet placed the documents in the staff files. One CPR certificate is present in the file; however, the staff member's name is not indicated on the certificate. The administrator advises that the course provider issued the certificate without a name. A reminder is provided to ensure that all certificates contain the staff member's name before being placed in personnel files. The ratio is respected throughout the inspection.
