General Comments
<p>This is a very active center. The educators are very engaged with children. I heard the educators use positive guidance numerous times while I was there.</p> <p>The children are all very outgoing and seemed to be enjoying the activities that the educators are doing with them. As I toured the rooms I observed snack time, and free play time.</p> <p>During the time I was at the center I observed the different classroom going outside.</p> <p>The educators were very friendly and were happy to show me around their classrooms. There are learning stories on the wall and binders are full of documentation and observations.</p>
