Name of Early Learning and Childcare Licensing Staff Joanne Voyer Page		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

Monitoring visit performed. No compliances at this time.

Covid Guidelines are being followed and I was screened prior to entry. Educators are completing class daily logs. As per discussed please ensure educators are dating the log daily and identifying when children are absent for PH contact tracing purposes. This was addressed during my visit by the director.

I had a discussion with the Director around programming during quiet time for children that do not nap. It was recommended that this age group have a period of rest of 30 minutes playing quietly on mats before moving into afternoon activities. If parents have indicated in writing they do not want their child napping and the facility is able to accommodate, please always ensure staff/child ratios are being met at all times during the day. Operator was in agreement and that they would follow up.

Lots of wonderful age appropriate activities observed during my visit. Children were also observed napping and after waking up from nap enjoying a snack and then getting ready for outdoor play.

This facility is meeting the education requirements of section 11 of the regulations as most all educators have taken the 1 year ECE program or 90 Intro to ECE.

Appropriate child guidance practices observed. Staff were observed providing assistance with dressing and speaking to the children kindly

School age group were having fun playing a meteor toss activity.
