General Comments

-Afternoon visit to the establishment for an unexpected monitoring inspection
-Ratio was respected during the visit.
-Daily incident log is maintained; parents are advised and signs the daily log and it is maintained in the child's file
-The incident report form was reviewed and explained
-During the visit, it was observed that all educators are engaged with children at their level providing support and having conversations.
-Daily routine into the center includes; Outdoor play time when the weather is permitting, and snack is served at the recognized hours
-Allergy information on any child is posted in the food preparation area
-Outdoor material is varied and in sufficient quantity for all children present, a container filled with material is also available to all children to bring outside.
-Outdoor play area is maintained safe
-Outdoor play area consists of more than one surface to permit different types of play
-It was mentioned to staff to open the free play period even if some children are not done eating their snack.
-Material offered to children in the indoor environments is varied and in sufficient quantity for all children, it was proposed to discuss with the older children to see what kind of material they would be more interested in.
Observations : When arriving at the center, children were eating snack, they were having cereal. Free play periods consisted of barbies, Legos, snake and ladders, puzzles, drawing, different boards, and brain games. Staff were planning on going outside when I was leaving the center.
