General Comments
<p>The center was cheerful and the children appeared to have fun. The educators were engaged with the children and displayed positive child guidance. Extensive planning and programming with the curriculum was evident. There were an abundance of materials and activities for the children to do and the children's learning was evident throughout the center.</p> <p>Please fix the broken drawer and chair in the afterschool area. Please also clean the floors, light switches, and doors in the afterschool main area and bathroom. I observed water on the floor and a wet wall in the boys bathroom in the afterschool area. I noticed that the shelf in the kitchen is bowed and I suggest anchors for cabinets and bookcases in the rooms. Please note that emergency contacts in child files need to be local, and original checks for staff should be in their files.</p>
