General Comments
<p>Monitoring visit performed.</p> <p>Children involved in a variety of play opportunities. Educators are aware of children's interests as they ensure toys, materials and equipment are available for the children to explore. Toys and equipment also accessible to the children. I would recommend that children's work be displayed at their eye level. This facility does document children's learning and display past play activities in a scrape book. I would invite educators to display these books in their classroom so that children can view and talk about these past experiences.</p> <p>Lots of educators on site which goes above and beyond what is required in staff child ratios.</p> <p>Educators have either taken ECE, enrolled in ECE or on a waitlist to take the Intro to ECE. They will be meeting the requirements set out in the regulations by July 2020.</p> <p>Lots of interaction and conversation happening between educators and children in all the rooms on the day of my visit.</p> <p>I did not observe outdoor play during my visit. Please ensure children have opportunities to be outdoors in the AM and PM as per stated in the Operator manual.</p>
