<p>General Comments</p> <p>Monitoring visit performed. I signed in on a visitor log sheet. Screening questionnaire is clearly visible. Administrative records reviewed - I verified attendance is being tracked daily, last fire drill performed in July 2021 and this is performed monthly .</p> <p>No incidents to report though the facility does track and parents are signing to be made aware. I reviewed staff records during my visit too. Tiffany has been very helpful in assisting me during my visit. All children were observed in outdoor play this morning. The centre continues to schedule outdoor play time so not all children are out together at one time.</p> <p>BEAUTIFUL Garden's in the outdoor play area - flowers in bloom and lots of vegetables growing too. Children helped and also water the plants when needed.</p> <p>Appropriate child guidance observed. Educators were observed providing assistance, reading, engaged and interacting with children. Children were observed eating lunch and some were observed going down for a nap or enjoying some quiet time with their friends.</p> <p>School age children also participate in playing quietly while other preschool age children nap.</p>
