Address Unit 220 281 Restigouche Road Oromocto NB E2V 2H2			
Name of Early Learning and Childcare Licensing Staff Nancy Glendenning		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

This facility is clean, bright and has many learning centres set up for the children. Educators are pre-planning activities for the children by journaling and also by using a lesson plan book. Children's crafts and learning stories were evident in the classroom. Transition times seem to flow smoothly throughout the facility. Often you could hear or see the educators singing little songs to entertain the children while moving to the next activity. Educators were seen redirecting negative energy, speaking to the children at their level, and giving hugs when needed. Only positive child guidance was seen at the time of visit.

The operator and administrator are very organized. Documentation is consistent in the way things are filed and I was able to verify all documentation in a timely manner for licensing purposes.

Educators were able to walk licensing staff through the outdoor play space. Learning centres are evident but due to the time of year, educators are just beginning to accessorize the play space. In this space there is a garden for growing, a sandbox, blocks, playhouse, an easel for paint, and a gross motor area just to name a few.

The shade shelter is deteriorating. The Operator stated that this is going to remove this from the outdoor play space. In the next few weeks, the surfacing around the climbing domes will also need to be checked to ensure the proper amount is in place and the fall zone is clear of any materials or play equipment.

Licensing staff can now recommend facility for licensing.
