Name of Early Learning and Childcare Licensing Staff Abby Nice		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Monitoring Inspection:

Children and educators were observed engaged in a variety of activities this afternoon including basketball, Ping pong, board games, open ended art and exploring Perler beads.

Purposeful planning was evident through invitations; materials added to the environment and planned activities that support the children's interests. (Trains, dominos, skateboarding and Perler beads). Purposeful planning is documented weekly in a journal. Children are working on an ongoing project. They are building a skatepark out of loose parts for their mini skateboards.

Educators were observed greeting each child upon arrival and welcoming them to the after-school program.

Handwashing routines were observed upon arrival and before snack.

Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.

New staff file (2) review was completed, all required documents are in place.

Monthly fire drills are documented; however, it was determined that school-age children do not participate in them each month as fire drills are done in the morning. QA Monitor discussed that the school-age children must participate in fire drills monthly. A fire drill log is to be added for the school-age license.
