<p><b>General Comments</b></p> <p>When I arrived for my monitoring visit, the operator was going to the bus stop to get her own children off the bus. The younger children were excited for this part of the day!</p> <p>Child records were checked and all was in order. I also verified that fire drill records, cleaning records, outdoor maintenance checklist and first aid checklists are up to date.</p> <p>I observed children having snack and the operator served apple sauce and crackers with water.</p> <p>The operator has added a "Nugget" couch to her indoor space and it is a great addition for gross motor play. Children played on it and the operator encouraged the children to work together to share the space and take turns.</p> <p>The diapering area and washroom were checked and all requirements are being met.</p>
