<p>General Comments</p> <p>Licensing staff conducted the annual renewal inspection.</p> <p>Upon arrival, the children had not yet returned from school. Once they arrived with the educators, they placed their belongings on their designated hooks. The group then transitioned to the mat, where the lead educator introduced the replacement educator for the afternoon. Following the introduction, the educator engaged the children by asking which ice cream flavours they would like to try over the summer. Each child was given the opportunity to share their ideas.</p> <p>The educator then reviewed the "go-go" rules, encouraging children to participate and respond.</p> <p>Following the group discussion, the educator asked the children which activity stations they would like to visit. The children were then free to engage independently in a variety of stations, including building blocks with LEGO, board games and puzzles, books, and crafts.</p> <p>The Educator gave a 10-minute heads up before the group was to transition outdoors. Once ten minutes passed, the Educator asked the group to clean up. Once the group cleaned up, the children gathered to the mat. The Educator passed around stickers to give to the group. The children then grab their belongings to head outside. Outside, they played with soccer balls, tractors, and frisbees.</p> <p>Throughout the inspection, only positive child guidance was observed. Staff and child files are verified.</p> <p>Licensing staff recommends the program for renewal.</p>
