General Comments
<p>On the day of the monitoring inspection visit, licensing staff arrived at the licensed facility while the preschool children were having their nap/quiet time.</p> <p>The children who were not napping were engaged in quiet time activities while their friends napped. After nap time, the children engaged in a painting activity using corn-on-the-cob, paint and paper. The children were very proud of their creations!</p> <p>The centre is very clean and welcoming. Licensing staff observed 7 distinct centres created in the morning indoor preschool space which is shared with the after school space.</p> <p>The school-aged children arrived at the licensed facility and stayed outdoors to play until it was time for afternoon snack. The educators were all very engaged with the children and used positive child guidance.</p> <p>A new educator was training on the day of the inspection visit. The training of the new educator was very thorough while licensing staff was onsite.</p>
