Comments: Fire Drills not completed for July 2020 and August 2020. Must be completed monthly and recorded.			

<p>General Comments</p> <p>A renewal inspection conducted today. Upon arrival children were observed engaged in painting outside in the fenced in play area with the operator. During the visit the children only came inside to have snack and use the washroom and then they were back outside playing. It is evident that outside play is part of their normal daily routine as the children eagerly went back outside after snack to in their outside learning environment.</p> <p>Discussed with operator the use of the wood stove during cold weather. A gate enclosing the stove will be required to be installed for children to have access to the family room located adjacent to the room used the ELC Home as their learning area. Currently a baby gate is installed on the entryway to the family room and a 1/2 door separates the ELC area from the hallway to the entrance to the family room.</p>
