General Comments

A renewal inspection occurred today. Licensing arrived at the facility and observed the children in their outdoor environment engaged with playdough and a tabletop nature themed sensory bin. Operator was observed having positive interactions with the children, asking questions and giving time for the children to think and express what they are feeling.

Documentation was observed indoors capturing children's ideas, initiatives, questions and learning. Environments were inspiring and invited engagement of all senses. The environments were reflective of children's current interests, curiosities and passions.

All checks were observed and completed. All files were observed and complete.
