### General Comments

- Visit completed at the facility in the morning for a monitoring inspection.
- The ratio was respected during the visit.
- Positive child guidance was witnessed during the visit.
- The facility has the proper number of functioning and available toilets and sinks. Children are always supervised when using the washroom. One potty chair and or training seat is provided. Steps or platforms are provided to allow children to reach toilets or sinks.
- The parent board at the entrance of the facility has all required documents posted.
- In all rooms evidence of purposeful planning based on children's interest and learning, invitation, photos and learning stories were posted.
- Different types of documentation are being used at the centre. Learning stories, ongoing projects, portfolios and white boards. The documentation demonstrates the children's interest and progress through time.
- Administrative records are maintained onsite. Emergency evacuation and fire drills are completed monthly.
- A daily incident log is maintained. Parent or guardian of the child is informed of reportable incidents as soon as possible and signs the incident report.
- Outdoor play area is maintained safe. The equipment and materials in the outdoor space are varied and in sufficient quantity for all children present. Outdoor space is offering a lot of opportunities for the children to explore and be creative.
- Observations:  
 Infant room: Free play, diaper changing, handwashing, lunch and naptime.  
 2-year-olds: Free play, lunch and naptime.  
 3-year-olds: The children were creating art with the educator. After lunch the children had a nap.  
 4-year-olds: Some children were creating art, playing with slim and other children were playing together in the imaginary zones.
- Discussion with the administrator concerning professional development hours.
