<p>General Comments</p> <ul style="list-style-type: none"> - Visit completed at the facility before lunchtime for a monitoring inspection. - During the visit ratio was respected. - Positive child guidance was witnessed. - The facility has a designated rest area. The minimum space between rest equipment is at least 46 centimetres. All nap equipment is washable and non-absorbent. - The parent board at the entrance of the facility has all required documents posted. - Indoor play area materials and equipment are varied and in sufficient quantity for all children present. The materials are easily accessible and maintained clean and in good repair. - Administrative records are maintained on-site. Monthly emergency evacuation and fire drills are completed. - A daily incident log is maintained. Parent is advised of incidents and signs the daily log. - Observations: Infant room: During the visit, the children ate their lunch and had a nap. 2-year-old room: Children washed their hands, ate their lunch and had a nap. The educators were discussing with the children. 3-year-old room: The children had lunch, then a nap. The educator was talking with the children. 4-year-old room: Lunchtime was witnessed and free play. During free play the children were doing puzzles, playing with the sensory bins and creating art. The educators were engaged in the children's play. Discussion with the educators on their documentation and planification. The educators presented me their documentation. Learning stories, webbing, children's pictures, children's art and portfolios are seen in every classroom. The three summer student educators who do not have their CPR training may not be alone with a group, open or close the facility.
