General Comments
Follow-up conducted by email. No on-site visit was made. Therefore, the ratio was not taken. Two photos were provided via email, showing the addition of various play items—such as hockey sticks, cones, rackets, balls, and others—intended for use in the outdoor after-school play area. According to the email, there is now a sufficient amount of play equipment available for the number of children present in the outdoor play area. The license meets the requirements of the Early Childhood Services Act. Renewal of the license is recommended
