<p>General Comments</p> <p>Monitoring Inspection--COVID 19 Recovery Phase</p> <p>Discussed adding more materials to the learning environment but also ensuring that educators are able to clean/sanitize all items being added.</p> <p>Room was being used that was not licensed. Discussed with administrators. Email has been sent to Fire and Public Health seeing if it is possible to license this room to be able to accommodate the children requiring care since the number the facility is able to enroll has dropped due to bubble grouping/max group size. Awaiting their response.</p>

General Comments

Children were observed in both inside and outside play and the educators indicated that the children are spending the majority of time outside.
