Part-time Early Learning and Child Care Centre	60	SCHOOL-AGE
ELCC Licensing Staff	**Position Title**	
Kiesha Cobbett	Inspector	

Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Renewal Inspection:

A renewal inspection was conducted for the school-age program during the afternoon.

The school-age children were observed washing their hands upon arrival from school before transitioning outdoors. While outside, children were observed participating in a variety of activities, including eating snack, playing hockey, building with natural materials such as stumps, tires, and wood, constructing forts, swinging in hammocks, piling leaves, and playing hopscotch. Educators were observed actively engaging with children through play and conversation.

The learning environments were arranged with a variety of open-ended materials that supported children's play, exploration, and learning. Materials were stored on low, open shelves, making them accessible to children's recent interests and experiences. Licensing staff discussed replacing torn board game boxes with plastic bags or containers to maintain materials in good condition. Documentation was inclusive, current, and reflective of the children's recent interests and experiences. Photographs of the children and samples of their artwork were displayed throughout the learning environments.

The following records were reviewed: incident logs, fire drill records, a sample of children's files, and all staff files.

The Inspector was unable to verify the Criminal Record Checks (CRCs) for two newly appointed parent Board of Directors members. The on-site administrator advised that both individuals have been requested to provide their CRCs at the first board meeting, scheduled for November 2, 2026. The on-site administrator will provide copies of the completed checks to the Inspector upon receipt.

The facility is recommended for licensing.
