General Comments Monitoring Inspection: The children and educators were not observed during inspection as they were on a field trip to a local school for activities and a picnic. An inspection of the indoor play area was conducted. The indoor play area is organized and well-maintained. A variety of materials are accessible to the children. The dramatic play area has been transformed into a pirate ship with accessories to support this play. Purposeful planning is evident through documentation displayed throughout the environment. A variety documentation pieces show the ongoing science experiments the children and educators have been exploring throughout the summer. The administrator on site confirmed that child-to-staff ratio was met on the outing. New staff file (2) review was completed; all required documents are in place.
