<p><b>General Comments</b></p> <p>A renewal inspection occurred today.</p> <p>When licensing staff arrived the pre-k children were gathered around the reading corner where an educator was reading the children a story. The educator was engaged while reading the story asking the children questions and allowing children to comment on the contents of the book. The pre-k children were then observed in a group art activity, where they worked as a team to create a beautiful piece of art to hang on their wall. The pre-k children were also observed playing outside in the snow. The educators helped the children gather ice around the outdoor play place.</p> <p>As the school-age children arrived off the bus, the children greeted their educators with hugs. The children were observed washing their hands before engaging in play around the room. The educators had invitations for play in all areas of the classroom. The children in the Mighty Ducks and Wolfpack rooms were observed playing with mega blocks, reading stories, and creating pictures using paint markers. The educators were observed engaging in conversations about what the children had planned for the upcoming weekend.</p> <p>Documentation and pictures of the children were displayed around the room in each classroom environment. This allows children to revisit their previous play experiences. All age groups have been discussing Groundhog Day and Valentine's Day.</p> <p>The following records were reviewed: Incident logs, fire drills, educator professional learning hours, and daily attendance sheets.</p> <p>All staff files were viewed, and a random review of the children files were completed.</p> <p>Facility is recommended for licensing pending Fire recommendation.</p>
