

## **Early Learning and Childcare Facility Inspection Report**

Type of Inspection: Renewal Inspection

Pursuant to section 21 of the *Early Childhood Services Act*, operators of licensed early learning and childcare facilities must post their most recent inspection report in a clearly visible and prominent place in the facility.

| Name of operator Licence N                                                                                                                                                                                                                                                                          |      | umber              | Inspection           | Inspection Date    |  |

| 39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (b) medications.                                                                                                                                               |      | 39(2)(b)           | Sep 15, 2021         | Sep 15, 2021       |  |
| Comments: During renewal inspection medications were found in a cabinet in the classroom that was not locked.  Medications must be locked and inaccessible to children. Medications were moved to the preschool classroom in a locked cabinet during inspection visit.  Deficiency is now compliant |      |                    |                      |                    |  |
| General Comments                                                                                                                                                                                                                                                                                    |      |                    |                      |                    |  |
| During inspection visit masks were worn by children and educators.                                                                                                                                                                                                                                  |      |                    |                      |                    |  |
| Children were observed having snack, engaging in a classroom activity about space and exploring the centers during free play. Purposely planned activities and documentation of children's learning are evident in the classroom and hallway.                                                       |      |                    |                      |                    |  |
