Comments: The school electrical box is open and unlocked. The operator has contacted the principal and the school has sent a request to have the electrical box locked.			
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Apr 28, 2022	
Comments: Some cleaning products were found on top of the washer in the bathroom. The school has send a request to have a cabinet with a lock placed in the bathroom since the products belong to the school. The operator will send a proof of the work order.			

General Comments
The Quality Assurance Monitor is on site for a monitoring inspection. During the inspection the Quality Assurance Monitor was able to observe positive child guidance. The educators had positive interactions with their children and had engaging conversations with the children during snack time. The afterschool children got to watch a movie during nap time.
