### General Comments

-Mid-day visit to the establishment for an unexpected monitoring inspection  
-Ratio was respected during the visit  
-Cleaning supplies are kept under key and out of reach of children  
-Guidance of children is done in a positive and respectful way  
-Indoor environment provides for children a space that is safe and clean. The material is varied and in sufficient quantity for all children present, easily accessible on low, open shelves.  
-In all rooms were diaper changing station is found, individual space is provided for diapers and changing necessities. The changing table is equipped with a safety strap and covered with a non-absorbent layer, it is separated from the food preparation and is located one meter or less from a sink and children are always supervised during diaper changing.  
-Discussion with the operator concerning the change in the regulation regarding hot beverages in classrooms.  
-Appendix 21 (staff handbook template) was sent during a previous visit, a follow-up was made to see if operators needs support with the document. It was confirmed that all required information is found into the staff handbook.

Observations: When arriving at the center it was nap time, all children were sleeping. In the infant's rooms they are into, sensory play, cars and flowers. The Two are going on walks daily in the neighborhood, they have met a police officer that accepted to come and talk to them at the center. The three-years-old were into music, but moose's is now the new interest. When all children were done sleeping, they all had snacks.
