Comments: Deficiency is now compliant			

<p>General Comments</p> <p>The facility is bright and spacious, and the program involves a variety of activities for the children to do. The educators showed positive child guidance skills, as well as positive interactions with the children. The staff appear to know each child well, and I observed them taking the time for one-on-one conversations. The program appears well planned and organized, and everything was put into compliance during my visit. I recommend for licencing.</p>
