**General Comments**

Licensing Staff arrived at the Facility to perform a Monitoring Inspection. Upon arrival, the children were all lined up, preparing to go on a fieldtrip to the Nashwaaksis Memorial Elementary School playground. Educators were heard giving children reminders to bring their hats and water bottles. A large bag of balls and other play materials were brought to the playground. Several headcounts were observed while the groups left the building. The group split, the older children walked while the youngest children took the bus.

Sunscreen was brought to the playground and applied as soon as the groups arrived. Educators were spaced out, ensuring all areas of the playground were supervised. Groups were seen playing on the play structure, soccer field, playing Spike ball and Gaga ball. During the field trip a child did fall while playing. Educator was observed comforting the child. The Educator cleaned the child's knee and hand before applying a Band-Aid. An Educator called out for the children to gather in order to head back to the Facility. The children appeared familiar and comfortable with the Educators and the routine. The transition from playing to lining up for a headcount was smooth and calm.

Once back at the Facility, children were observed having afternoon snack. Posting board has been updated to reflect current Quality Assurance Monitor and Inspector. Fire drills were also posted and are up to date.
