<p>General Comments</p> <p>Follow up monitoring visit completed - fire drills records verified today during my visit and these are being performed and recorded monthly. Awesome time in August. Upon arrival all children were down for a nap. Some children were up after having a quiet time and were enjoying other quiet time activities while their friends napped. Administrative records were reviewed - refer to comment above re attendance and outdoor check list. I also reviewed staff records and documented updated SD and CRC/VSC. Educators were observed engaged and participating in children's programming. They were observed talking kindly and comforting children after waking up from nap.</p>
