<p>General Comments</p> <p>Licensing staff arrived as children were engaged in outdoor play. The outdoor play area provided many activity centres that allowed for openended, child led play. Wooden materials, mud kitchen, compost, garden and bridge building materials were available for children to engage with. Appropriate supervision was observed at all times, the outdoor play space has created visual barriers that the children respect. Children were observed engaged in in both fine motor and gross motor activities. All children were dress appropriately for the windy weather.</p> <p>Educators were observed using redirection with children when behaviours were taking place while children lined up. Children transitioned well into the indoor play area. The transition to lunch time was smooth and the room was prepared in advance for quiet time with cots already laid out.</p> <p>Staff need to have daily attendance with them when in the outdoor play area. Positive behaviour guidance was observed at all times.</p>
