General Comments
<p>When I arrived I was screened properly according to Covid procedures. The children in Group A were having snack and Group B was using the other half of the gym for gym games. Then the groups switched and Group B had snack and Group A went outside to play. The division of the rooms is working really well and they have lots of materials and a space to store them. Group B had a water colour painting craft activity. The children decide with their Educators what they would like to do on a daily basis.</p> <p>The atmosphere was very pleasant and the children and Educators were engaged in positive interactions.</p>
