**General Comments**

This was my first visit to this afterschool program. I met the Team Lead and she showed me their space within Gibson Neill Elementary School. The staff were all welcoming.

They have the children organized into Group A and Group B and the program was running smoothly on the day of my visit. The gym is sectioned into a table side and a gym side. Both sides offer a variety of activities for the children. There is a daily routine posted for each group with the afternoon's schedule as well as a Motivational Quote of the Day.

The gym is well organized and much effort has gone into organizing their supplies, furniture, parent notification board and files to be able to set up and tear down each day.

Educators used huddles to organize the children before transitioning to the playground to play outside.

Educators seem to have a good rapport with the children. I observed educators pushing children on the swings, blowing bubbles and building igloos with plastic snow molds. Educators show patience and get down to the children's level when speaking with them and use respectful and kind communication.

Child files and staff files were checked and all was in order.
