General Comments
When I arrived no children were present. The operator meet two children at the bus stop and brought them to the center. Once they arrived proper health standard were followed. The children washed their hands and got ready for snack. After snack the children had some free play time before getting ready for a walk to the park. While at the park the children took advantage of climbing structures and running in the large field. I saw the operator give lots of encouragement to the children and she recognized and built upon teachable moments.
