### General Comments

There was one child present at the time of inspection.  
The child was having some free playtime when licensing staff arrived. After morning snack, the operator took the child for a walk to the park. The operator brought some toy trucks, shovel and bucket to play in the dirt and rocks. The child also enjoyed playing on the sliding structure as well.  
During the walk to the park the operator was very attentive to the child, making sure the child held her hand and watched for traffic before crossing the streets.  
The space is clean and bright and there are plenty of materials for the children to learn and explore with.
