General Comments
<p>On the day of my visit the program was very peaceful and calm. The children were following their interests under the guidance of their Educators. There were many examples of Curriculum and the children's interactions were pro-social and harmonious. The children are divided into 3 groups and maintain their bubbles without any issues.</p> <p>All Covid protocols are being followed and I was properly screened upon entry.</p> <p>Holly and I reviewed the staff files, the child files and other administrative files and everything is well done and organized.</p>
