33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions.	33(2)	Oct 05, 2021	
Comments: As discussed, the dome and swing must be set up as per the manufactures direction or meet at the minimum the CSA standards. In this case, the CSA standards would require 30 cm's of protective surfacing six feet all around the dome and the swing.			
43 An operator of a licensed facility shall not permit hot beverages in areas that are occupied by the children receiving services at the licensed facility, including the outdoor play area.	43	Sep 22, 2021	
Comments: Hot beverages, including those in mugs with secure covers , are not permitted in play areas including outdoors.			

General Comments
<p>Upon my arrival the children were playing with different activities. Some children played with some language arts learning activities, matching objects with the letter they start with, some experimented with vinegar and baking soda and others played with sensory bins.</p> <p>Then they separated in three smaller groups for circle time. Each group read a book followed by a learning activity. One group did an activity by organizing blocks by size, one group played with the world map and the other learned color patterns with different color leaves. The children then went outside followed by lunch.</p> <p>The Centre is clean and well organized and divided into different sections. The children have plenty of materials to meet their learning and educational needs.</p> <p>Lots of positive child guidance observed such as gentle reminders, the children seem to have a good relationship with the educators, they seem happy and well established in their routines.</p>
