<p>General Comments</p> <ul style="list-style-type: none"> -Visit to facility for the renewal inspection -Ratio was respected during the visit -A memo will be sent to parents asking them to add ice packs in the children's lunch boxes. In the meantime, lunch boxes will be kept in the refrigerator. -At this time, no medication needs to be refrigerated but a box with a lock will be added into the refrigerator for when time comes for use. A picture of the box will be sent to licensing staff. - First aid kit has all the required necessities but the antiseptic towelettes are expired, new ones will be bought by the operator. -For safety issues, a fringe curtain will be removed from the outside playground. A picture will be sent to licensing staff once the curtain is removed. Had a discussion with the operator about improving the quality of the outside space. The operator has a plan but is waiting on workers to implement her vision. <p>Observations: When arriving at the center children were getting ready to go play outside, rain surprised them, so educators got the sensory bins out and kids went into free play. The two-year-old were crafting and were very proud to show how they could put on glue all by themselves. Children also ate lunch and were napping by the time the visit was over.</p>
