General Comments
<p>Visit to the facility for the annual inspection. Ratio was respected during the visit. Discussion with the operator regarding outdoor space. There are currently missing boards on the bridge in the middle section. The section is closed off and operator confirms that children are not using the space. Observation: All children were outside when I arrived. They came in, washed up or had a diaper change and proceeded to have lunch. Once finished lunch, the preschool children had a nap and the school-aged children played quietly. Facility meets requirements under the Act and regulations, license will be recommended for another year.</p>
