28(4) The premises of an early learning and child care home shall be equipped with a smoke alarm, smoke detector and fire extinguisher as required by the Fire Prevention Act.	28(4)	Oct 02, 2024	
Comments: All smoke detectors were taken down in order to add new batteries. Smoke detectors will need to re-installed and in working order.			

General Comments
Visit to the facility to complete annual inspection. Ratio was respected at the time of the visit. Discussion with operator regarding the requirements for first aid kits. ELC facilities require a Basic First Aid kit as outlined in the CSA standards Z1220-17. It is recommended that the list be reviewed to ensure that all first aid kits meet the requirements of WorkSafe. Observations: During the visit, the children were into free play at the table and then had lunch. Once lunch was over, the infant present had a nap while the pre-school children played quietly.
